

Travelers' Century Club International Conference in the Azores May 30 to June 2, 2024

Next year, you are invited to join fellow TCC members in the Azores, a destination both remote and near numerous destinations on the TCC list.

Why the Azores? This destination was chosen by a vote of TCC members to serve as the venue for TCC 2024 International Conference. An archipelago of breath-taking beauty is ours to explore along with excellent food, wine and most importantly, the camaraderie of our passionate Club members.

Vast opportunities for travel are available before and after our conference. Two UNESCO World Heritage Sites are located on the nearby islands of Terceira and Pico Island, the location of world-famous vineyards. Moreover, the Azores serve as a gateway to Madeira, Canary Islands, Cape Verde, Africa and Europe. Thus, our International Conference in the Azores affords ample opportunities to travel surrounding areas and increase our travel experiences. Information about such travel will be provided along with contact information for local agents who will answer questions and support your planning.

The agenda for our International Conference combines networking with sightseeing and experiencing the cuisine of the Azores.
